Why Nestlé Business Services?

My unique combination of advanced creative technical expertise, understanding of the evolving media landscape, and passion for digital innovation aligns perfectly with NBS's mission to drive transformation in media communications. With expert-level proficiency in the complete Adobe ecosystem, advanced 3D capabilities, and current AI training, I bring both the technical excellence and strategic mindset required to support global partnerships, identify emerging media opportunities, and collaborate effectively across zones and categories.

My 20+ years of client-facing experience with multinational brands has equipped me with the collaboration skills, solutions-driven approach, and ability to distill complex information into actionable insights that the Media Expert role demands. I'm eager to contribute to Nestlé's media transformation journey while growing within an innovative, multicultural environment.
